

"Pioneer" tool basket XXL, grey-black, 45x35x23cm, 20 kg load capacity

€49.90

Prices incl. VAT plus shipping costs

Product number: BG00005BKGY

Description

The extremely large, open "Pioneer" tool bag is made of tear-resistant, water-repellent Oxford 600D fabric and has many tool holders and patch pockets for quick access to tools and work materials in daily use during installation on the construction site or in the maintenance and service area.

On the outside there are six open pockets and five large, closed pockets for wrenches, bit sets, tape measures, pliers or other tools. On the inside, there are eight screwdriver loops and four large inner pockets as well as the large 45x23x20cm pocket for materials. The bag can be easily transported using the metal carrying handle or padded shoulder strap.

- Water-repellent, sturdy material
- Ideal for tools and building materials
- XXL dimensions 46x23x23cm
- Sturdy plastic base, safe against punctures
- Eleven outer pockets and four inner pockets
- Shoulder strap with padding and metal handle
- Tear-resistant, reinforced seams
