Description

EliteGuard all-aluminum case: your ultimate companion for style, security and hand luggage practicality:

Immerse yourself in the world of sophisticated travel and secure storage with our EliteGuard Full Aluminum Case. With dimensions of 42x35x11.5 cm, this case not only offers the perfect size but also a thoughtful design and an array of impressive features. The EliteGuard Full Aluminum Case not only upholds the highest standards of style and security but also perfectly fits the carry-on format. Travel with elegance, security, and the assurance that your EliteGuard case is the ideal companion for every journey.

- **FULL ALUMINIUM CONSTRUCTION:** High-quality and resilient, the EliteGuard case is crafted entirely from aluminum, emphasizing not only its exterior appeal but also providing ultimate protection for your valuable belongings.
- **CUBE FOAM MAT FOR CUSTOMIZATION:** The included cube foam mat allows you to tailor the interior according to your specific needs. Ideal for delicate equipment such as cameras, electronics, or precious items.
- **DOCUMENT COMPARTMENT WITH PEN HOLDER:** The storage space integrated into the lid not only accommodates essential documents but also features a convenient pen holder, keeping everything secure and organized in one place.
- **COMBINATION LOCK WITH TSA FUNCTIONALITY:** Secure your case with a combination lock, not only **amb products**ng against unauthorized access but also equipped with TSA functionality for seamless inspections during international travel.
- **HIGH-QUALITY HINGES WITH LID RETENTION:** Our cases are equipped with high-quality hinges that **amb products** securely keep the lid open. An additional convenience that facilitates easy access to your contents.
